Mark Allen Y. Siddayao

Address: #8 Santan St., Industrial Valley, Marikina City
Contact No.: 09952106740
Email: markallensiddayao8142@gmail.com
Citizenship: Filipino
Birthdate: August 14, 2002
Religion: Catholic

I am a dedicated and analytical individual with a Diploma in Computer Engineering Technology from the Polytechnic University of the Philippines. Currently, I am furthering my studies by pursuing a bachelor's degree at the same institution. With strong problem-solving skills, critical thinking abilities, and leadership qualities, I thrive in tackling challenges and driving innovative solutions. My passion for technology and continuous learning motivates me to excel in both academic and professional settings.

EDUCATION

Polytechnic University of the Philippines – Sta. Mesa, Manila **2023 – Present**
Bachelor of Science in Computer Engineering
Polytechnic University of the Philippines – Sta. Mesa, Manila **2020 – 2023**
Diploma in Computer Engineering Technology

INTERNSHIP

Micropinnacle Technology Corporation **May 2023 – September 2023**
Service Delivery Department

- Filled the role as a Junior Solutions Architect Intern.
- Acquired fundamental skills on Qlik Software that incorporates Data Analytics, Storage and Visualization.

PROJECTS

- **GENCYCLE: Using Bicycles To Provide Energy For Charging and To Improve One's Health**
  - Developed a system which consists of a bicycle and a dynamo as the main instrument to generate energy for charging. The system also includes a mobile application that monitors the user's speed and calorie burn.

- **BREASY: Solar-Powered Portable Nebulizer with Health Monitoring App**
  - A thesis study is currently underway, working on "BREASY: Solar-Powered Portable Nebulizer with a Health Monitoring App," combining nebulizer, solar power technology, and a mobile app for asthma relief and health tracking.

TRAINING

- Computer System Servicing NCII (TESDA)
